Several Andover

Persons In Oratorio

Several Andover persons will take part in the production of Gilbert and Sullivan's Mikado by the Boxford Oratorio society at Pine Grove, Kelsey-Highlands Nursery, East Boxford, Saturday afternoon at three. Horace N. Killam of Porter road will again conduct.

Among the characters will be Miss Margaret Wynton of Andover as Yum-Yum. Miss Wynton's fine voice has been a feature of Mr. Killam's past several productions. Joan Hickok of Andover will take the part of Pish Tush, a noble lord.

The society will give The Mikado in its entirety, including the dialogue, and the program will last about two hours. The chorus of fifty voices will be accompanied by a professional orchestra.

Associate members from Andover are Miss Alice Farnum, Mr. and Mrs. Stanley Hickok, Miss Mary Johnson, Superintendent and Mrs. Henry C. Sanborn, Miss Mary Byers Smith, Miss Elizabeth Swift and Miss Miriam Sweeney.

Tuna Granted

Reprieve; Gops To Hook Him Aug. 6

That tuna which Tom Fallon didn't catch in the recent Young Men's Republican fishing trip was this week granted one week's respite. The club decided last week to go right back after the potential sandwich filler and set this coming Sunday as the day for the catch. However, all the boats were taken, and the boys set the date ahead to August 6th, when aboard the 42 foot Sea Urchin, fastest off Plum Island point, they'll go after that tuna.

Only a limited number may go, and those wishing to make the trip should contact Cliff Wadman or the runner-up in the contest with the tuna, Tom Fallon. Norman Scott, whose feat of catching the biggest fish won him a prize but no publicity last week, has been studying up on "The Lore and Lure of the Tuna" this week.

Noted Orchestra

Leader Coming Here

Swingsters will get a thrill dancing to tunes played in the inimitable style of Ray Hill and his Sweet Swing Orchestra, August 17, at Balmoral Gardens. The Young Men's Republican Club, sponsors of the dance, have been fortunate in securing Ray Hill whose rapid rise to the very first rank of American dance orchestras has been sensational.

Door and dance prizes totalling \$150.00 will be offered as additional attractions. The affair is public in every respect and tickets may be obtained at the Gardens.

Painting Interior Of St. Augustine's

Photo by Donald Surette

What would painters do without carpenters on a church painting job? This forest of staging is necessary in the painting of the inside of St. Augustine's church. It is expected that the entire job will be finished the middle of next month. The interior of the church will be done in cream, which replaces the old color which some thought was gray, some thought was orchid and all knew was black. It was found that much of the ornamentation around the windows had been done in water colors, and all this will be eliminated.

Professor Quiz At

Village Playground

Miss Mildred Schruender made a very convincing "Professor Quiz" at the Shawsheen playground last Friday night, but she found it difficult to "stump" such contestants as Dorothea Blomquist of Lowell street and Donald MacLellan of Poor street, winners of the two first prizes. Dorothea was first in the under-eleven class in which John Caswell and Patricia Holt won second and third places. Donald was first in the over-twelve group followed by Marjorie Howes, second, and Elsie Rasmussen, third.

Contestants were: Elaine MacLellan, Sally MacLellan, James Allen, Louise Doyle, William Doyle, Raymonda Turpen, John Byrnes, Patricia Holt, Claire Byrne, Dorothea Blomquist and John Caswell, Claire Turpen, Dorothy Foster, Marjorie Howes, Gordon Mears, Janet Gillen, Richard Steinert, Kenneth Quinn, Charles Timmons, Henry Glamo, Donald MacLellan and L. Carlton Conner, Jr.

A baby show will be held tomorrow night.

W. P. A. Employees

Await Discharge And Furlough Slips

No local W P A employees have received slips as yet notifying them that they are being dropped in accordance with the nationwide W P A cut, but the slips are expected momentarily. All those who have been working 18 months will automatically go off the rolls for a month, and then they will be eligible for reregistration. Others will just be dropped.

There are 89 men now working under the W P A here, not including the so-called white-collar projects. There are also a number of women working on the sewing project. The men are working on the Ballardvale road water extension project and on constructing a gravel road on Chandler road near Lowell street.

The B. P. W. is preparing to take care of the roads in the Cairns development, and is also supervising water and sewer work done by a private contractor in the Johnson acres section.

Next month the department will start some sidewalk work, using the available money where most needed. The upper end of Park street near Chief Emerson's will be done, and the sidewalk on Elm street near the Lundgren funeral home will also be rebuilt.

TAX RATE HELD UP

Andover's assessors have everything in readiness for setting the tax rate, but they are being held up this year as are all the other towns and cities in the Commonwealth by the state department of taxation which cannot release its figures until the legislature decides where it's going to get the money it has decided to spend.

Shaw Bequest Paid To Historical Society

The Historical Society has just been paid a bequest of one thousand dollars under the will of Mrs. David Shaw, both Mr. and Mrs. Shaw having been members of the Society from its early days and deeply interested in its welfare. This will be kept as the David and Lucy Hayward Shaw Memorial Fund, the interest only being spent.

The Historical Society now has besides this newest gift, fifteen similar funds, in amount from twenty-five dollars to three thousand, in memory of: Charles L. Carter, Major and Mrs. William Marland, Rev. Francis H. Johnson, Rev. C. C. Carpenter, Madam Phoebe Foxcroft Phillips, Dr. Joseph C. Wilson, Mrs. Nellie E. Berry, Miss Florence A. Parker, Mr. and Mrs. Francis A. Goodhue, Walter Buck, Miss Kate A. Swift, Mr. and Mrs. H. S. and Miss Mattie Robinson, Miss Agnes Park, Mr. and Mrs. John V. Holt and Mrs. Mary Dove Johnson.

There are other names bound up in Andover's past which properly belong in this list and which the Society would gladly see added.

Twenty members of the Andover Historical Society motored to Harvard, Massachusetts, on Saturday to attend a special meeting of the Bay State Historical eLeague.

Harvard is one of the old communities of the state, noteworthy in the past as the location of a flourishing Shaker settlement and Bronson Alcott's "Fruitlands," and in the present for considerable portions of the Harvard Observatory which have lately been moved there along with the entire seismological department of the university. The special attraction of the meeting was a paper by Miss Clara Endicott Sears on the story of the Shakers in general and the Harvard group in particular. This was followed by visits to the local Indian museum, "Fruitlands," the Shaker museum, and the Shaker settlement and burying ground. There was the customary tea.

Vale Pugilists Entertain Crowd

There were no knockouts in the boxing matches at the Ballardvale playground last Friday night but the punches were plenty powerful, nevertheless, and were encouraged by cheers of over two hundred people. Referee "Sol" Walker frequently found it necessary to separate the enthusiastic fighters whose clinches became less and less fierce as the bouts neared completion. Each exhibition lasted three rounds and the contestants were glad to revive their energy on the candy bars awarded them at the end of the bouts by Miss Eleanor Driscoll.

Joe Knox and John Miller, Cameron Mills and Charles Johnson, Ralph Lakin and Donald Whelton were the feature contestants who supplied many thrills for the audience, and they were supported by the following entries: Clifford Lawrence vs. Arthur Wycoff; Eddie Wycoff vs. Richard Stevens; Robert Ness vs. Norman Markensines; James Abbott vs. Wallace Ferris; Harold Downes vs. Sammy Lowry; Robert Lawrence vs. Elwyn Hazelton.

Eddie Palenski and Benjamin Dimlich were the timers.

Next Friday night, Ballardvale will hold a Baby Contest.

Veteranesses Lead Veterans In Softball

The British War Veterans have had red faces ever since their picnic at Millville Lake Park, N. H., last Sunday, and it isn't sunburn. It seems that the featured softball game between the men and the women resulted in a 6-2 victory for the women. It took five buses to transport the Veterans and their friends to the picnic grounds and so the ladies feel secure in having almost two hundred witnesses.

Other sports were enjoyed with swimming leading in popularity.

The winners were as follows: 25-yard dash, children under 6—Mary Young, Ann Keisling and A. Vannett.

50-yard dash, girls 6 to 8—Barbara Keith, Patricia McLay and Joan Lefebvre.

50-yard dash, boys 6 to 8—Fred Dwyer, Charles Dwyer and William Stewart.

Month's Vacation Without Pay

A number of our local employees are shortly to receive a month's vacation without pay under the recently enacted bill whereby all those who have worked on the W. P. A. for 18 months must take a month's furlough. Others will be discharged because of a nationwide quota reduction brought about by the reduced appropriation.

This month off without pay is going to be pretty hard on some of Andover's W. P. A. workers who are now having a hard time getting along on the little they make each week at present. It's going to save money of course, but do you realize why it's necessary to make the deserving needy go without pay for a month? It's because the administration has been spending so much on the undeserving needy and the undeserving unneedy. If the W. P. A. had been used properly, no such extreme measure would be necessary today.

It would be a different story today if the administration, sincerely considering the interests of the whole people, had insisted that those going on the W. P. A. projects were only those who could not do without this sort of help and those who in normal times would be gainfully employed in private industry. Unfortunately, a man who is never able to hold a job in private industry because of his own inability and laziness has just as weighty a vote in elections as the man who keeps busy in normal times and really earns his day's wages. So too often need and willingness were not given much consideration in choosing W. P. A. men; instead if you happened to know somebody who knew the Congressman from your district you stood a pretty good chance of having your name placed on the W. P. A. rolls. The public treasury has been milked by these undeserving men and women, with the result that today a serious curtailment is necessary. There's no doubt about it: the money going to the W. P. A. had to be cut just as everything else should be cut to bring down that deficit. But because of extravagances in the past, today some really deserving unemployed are looking ahead to a month in which it's going to be mighty hard going.

Townsmania—

Wet Sunset

Sundown will bring the rain. If our local farmers could only feel as confident as the Indians out in Clinton, Oklahoma, that Sundown would bring the rain, they'd ask the legislature to put daylight saving into reverse.

Spike Adriance quotes a May AP bulletin in the summer issue of the Phillips Alumni Bulletin. Some of you remember Roland Sundown, Indian in the class of 1928 who later went up to Dartmouth and appeared at football games in Indian Regalia for the

Wah-Hoo-Wahs. He had an exceptional voice which Dr. Pfatteicher used to use on occasion in the Chapel and which Dartmouth used in the stadia. But it seems that his voice is now even more exceptional. Sunny, now an instructor out in Clinton, was singing in the High School Auditorium. "Outside the sun was shining. Sundown began to sing the weird, imploring rain song of the Navajo medicine men. Scarcely had the last strains of the chant died away when the startled audience became aware of rain drops pattering on the roof—the first in almost a month."

We remember walking down Bartlet street one day with Sunny and he started to sing. No, it didn't start to rain. He was singing one of the current favorites of that period: "It ain't gonna rain no mo'."

Reading Teacher Killed When Car Pins Her To Tree

A Reading school teacher, Miss Margaret Whittier, 42, was killed yesterday when her car rolled down an incline on Stinson road, pinning her against a birch tree and crushing her chest. The medical examiner stated that the crushed chest with possible collapse of a lung had caused asphyxiation.

Chief Dane, Sergeant Saunders and officers Davis and McCarthy responded when they were informed by an ice-truck driver of the accident. Reconstructing the tragedy, they felt that the teacher had parked her car and noticing it rolling backward, opened the car door, leaned in to pull on the em-

ergency, and then was pinned between the door and the birch tree. The teacher was a niece of Dr. Torrey and had come here to pay a visit.

Weddings

Hodgson-Batchelder

At a pretty informal ceremony at the West church Friday afternoon, Miss Isabelle Ellen Batchelder, daughter of Mr. and Mrs. Sidney S. Batchelder of Argilla road, became the bride of George Harold Hodgson, son of Mrs. Clara I. Hodgson of 150 Brooks avenue, Arlington.

The bride was smartly gowned in a blue crepe suit with a navy blue hat. Her accessories were white and she wore a corsage of white roses and baby's breath. Mrs. Dale Leonard Lanou of Boston was the matron of honor and her gown was powder blue with a corsage of Briarcliffe roses.

S. Abbott Batchelder was the best man and the bride's father gave her in marriage. Rev. Donald H. Savage performed the ceremony.

Mrs. Hodgson graduated from the local schools and from the Posse School of Physical Education. The groom is a graduate of the Preparatory of Fredericton at New Brunswick. After a wedding trip, the couple will reside at 12 Notre Dame avenue, Cambridge.

Buckley-Hurley

Miss Katharine Rita Hurley, daughter of Mr. and Mrs. John F. Hurley of 10 Harding street, became the bride of Clarence Ambrose Buckley at a pretty old-fashioned ceremony in St. Augustine's church last Sunday afternoon. The bride wore a quaintly styled gown of pink frosted organdie with matching hat. She carried a mixed bouquet of sweetheart roses, delphinium and lilies of the valley. Her sister, Mrs. Clarence Meuse, was the only attendant, and she wore a frosted organdie gown of pale blue, and a leghorn picture hat with long streamers.

Woodrow Wilson Crowley was the best man and Paul and William Crowley were the ushers.

During the ceremony, Frank McCarthy sang "Mother, At Your Feet I'm Kneeling" and Louis Scanlon gave two selections, "Ave Maria" and "O Salutaris." Rev. Thomas B. Austin, O. S. A., officiated.

A reception followed at the home of the bride's parents on Harding street where lawn and garden were beautifully decorated for the occasion. Refreshments were served on tables outside. After the wedding trip, the couple will reside at 72 Shawsheen road.

Legion Juniors End

Season By Victory

The local Legion Junior team wound up its season last Friday night by defeating the Lynn team 2 to 1 behind the two-hit pitching of Hal Bishop. He fanned nine and issued no free passes. Lynn's one run in the seventh was scored through a three-base error.

Andover scored in the fourth when the Lynn pitcher became generous with his free tickets to first. Coleman and Bishop walked and Lindsay reached on an error, with Boucher's walk forcing Coleman.

The second run was scored in the sixth by Bishop after singles by Bishop, Lindsay and Burnham.

Hamilton was the team's heavy hitter for the game, making two in three trips. The sixth inning singles were the only other hits made by the locals.

"I'VE LEARNED LOTS FROM OUR NEW FORD!"

ANY woman can learn a lot from a ride in a new Ford V-8 today. And the hard-to-please ones are the most surprised. For the fussier you are when you get in the more you're apt to notice *how many* stunning advantages this car gives you over any other at its price. Come in today and inspect a new Ford. We think you'll go home mighty glad you came!

FORD V-8

AN "8" IS BETTER THAN A "6"

"I've learned what a difference 8 cylinders make!" *She's right!* Drive a Ford V-8 and see for yourself. All American high-priced cars have 8 cylinders or more. But only the Ford in the low-price field!

"I've learned that powerful brakes don't require a powerful toe!" *Right again!* With the biggest and most powerful hydraulic brakes ever put on a low-priced car, a Ford V-8 is still effortlessly easy to stop . . . or start, or steer.

"I've learned that being thrifty needn't mean being 'cheap'!" *Smart lady!* With its rich interiors and touches of Lincoln-Zephyr styling, Ford V-8's the *style* leader at its price . . . and also the proved *economy* leader among leading low-priced cars!

"I've learned that even traffic driving can be fun!" *Of course!* Fords have always been famous for handling ease, and this one's the best ever! Responsive to the accelerator, the wheel, the clutch, the brakes. And almost ridiculously easy to park!

You benefit by our experience when you trade in this independent store because long years of handling meats have taught us the best way to use the different cuts. We in turn pass this knowledge on to our customers.

For instance, very few people know the good value, reasonable price, and tender eating qualities of Beef Chuck. From this cut of beef may be had:

A good Steak at 37c lb.; an excellent oven roast for 35c lb.; and the best of stewing beef at 25c, 30c, 35c lb.

None of these cuts contains a single bone or any surplus fat. You eat and enjoy every pound you pay for.
